

Fiber Connect Plus TV for healthcare

Keep your patients satisfied by providing a reliable and extensive HDTV viewing service.

Comfort patients, keep visitors engaged and provide staff with access to live TV featuring entertainment, news, sports and international channels. With Fiber Connect Plus you can deliver leading HDTV services and choose from over 200 channels in a wide variety of packages to meet any entertainment need. Programming is distributed over inside wiring to make a direct connection to the TV, making Fiber Connect Plus ideal for use with interactive patient systems.

Product highlights

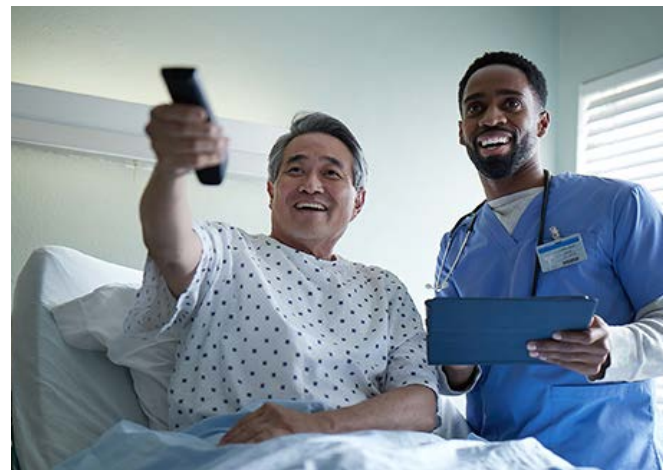

- **Ensure reliable service:** Experience highly reliable video services with a dedicated and private fiber network connection to your facility.
- **Increase programming options:** Offer your patients a broad range of programming options, with a wide variety of packages, featuring news, sports, music, entertainment and international language channels to create an outstanding viewing experience. See our programming bundles and packages at enterprise.spectrum.com/channels.
- **Share facility information:** Insert custom content to communicate and promote your special events, activities and facility highlights to keep your patients, visitors and employees informed and involved.
- **Enable integration:** Allow for expanded interactive experiences by working with interactive patient systems providers for a more customized on-screen presentation.
- **Scale for business growth:** Enjoy the flexibility of adding channels and packages as organization needs grow.

Add-on services

- **TV Streaming Access:** Offer patients and visitors live and on-demand video streaming content delivered to personal devices anywhere in your facility.
